

Hi everyone!

At Lollypop Farm we take good care of all the animals, making sure to feed and water them, play with them, and take care of them when they're sick. We hope that you'll have fun coloring in this book, but we also want to help you remember ways that you can take care of your pets at home. Pets can be a big responsibility, but I'm sure you agree with us that they can be a lot of fun, too. So enjoy this coloring book and read through all the ways that you can learn to love your pets even better!

Your friend,

Alice Calabrese-Smith
