

Make a kitten garland!

SUPPLIES YOU'LL NEED:

Construction Paper
Glue Stick or tape
Scissors
String or yarn
Markers or crayons
Our free template

Instructions:

1. Start by printing out our cat face template and cutting each face out along the solid outline. No printer? No problem! You can free-hand draw a cat shape too!
2. Place your template on the construction paper color of your choice and trace around the edge. Trace 10-12 cat faces to reach the desired garland length.
3. Cut out each construction paper cat face.
4. Use your markers or crayons to decorate each of your cats face with eyes, a nose, mouth and whiskers.
5. Glue or tape your string to the back of each cat face and hang up.
6. Take a picture of your Kitten Shower decorations and be sure to tag Lollypop Farm and use the hashtag #LPFkittenshower.

Have fun making your garland!
