

VETERINARY REFERRAL LIST

Congratulations on adopting your new pet!

**Schedule
your visit
today!**

Veterinarians on this list have agreed to honor the Free Health Examination Certificate provided by Lollypop Farm as part of your adoption. Even though Lollypop Farm has provided vaccinations and procedures to help safeguard the health of your pet, it is important to visit with your new veterinarian early on. They can provide you with recommendations on appropriate vaccination schedules and give your new pet a complete health analysis.
